## LED Worklight

WL50WACEU - WL50WACFR - WL50WACCH

**IMPORTANT! RETAIN FOR FUTURE REFERENCE:  
READ CAREFULLY!**

### Technical specifications

Color	Black
Rated power	50W
Power factor	0.9
Supply current	210 mA
Weight	1110g
External light protection class	IP65
Rated voltage	220-240V~ AC 50/60 Hz
Supply cable	H07RN-F 3G1.5
Color temperature	5000K
Beam angle	120°
Dimensions	188.7 x 133.7 mm

These LED floodlights are suitable for indoor and outdoor lighting purposes.

### Operation

Place the floodlight on a dry and level surface. The inclination of the floodlight is adjustable. To do so, loosen the lateral quick release, turn the lamp head into the desired position and lock the quick release again.

### Maintenance

The light source of this lamp cannot be replaced; if the light source has reached the end of its service life, the entire lamp has to be replaced.

### Cleaning

Do not use solvents, caustic cleaning agents or similar products. Only use a dry or slightly moistened cloth for cleaning.

### Safety information

1. Before use, always check the floodlight and the power supply line for any possible damage. Never use the floodlight in case of any damage.
2. Caution! In case of a damaged floodlight or a damaged power supply line there will be a risk of fatal injury from electrical current!
3. The external flexible cable or cord of this luminaire cannot be replaced. If the cord is damaged, the luminaire should be destroyed.
4. If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
5. The floodlight must be grounded properly.
6. The floodlight must not be used without properly attached sealing rings!
7. LED floodlights are extremely bright. Please never look directly into the light.
8. If the protective cover is broken, it should be replaced by an original protective cover before further use of the floodlight.
9. Make sure that the floodlight has a safe and stable position. Make sure that the cables are not crushed or damaged otherwise.
10. Keep the floodlight away from children. Children are not aware of the risks imposed by electric current.

### Disposal

**Dispose of electric appliances in an environmentally friendly manner!**

Electric appliances must not be disposed of in household waste! The European Directive 2012/19/EU on Waste Electrical and Electronic Equipment rules that used electric appliances should be collected separately and recycled in an environmentally friendly manner. For possibilities of disposal of the used appliance, please contact your local or municipal administration.

### Declaration of conformity

The declaration of conformity is stored at the manufacturer's.
