### Proper intended use

The Handlamp is only suitable for indoor lighting applications.

### Operation

The light can be taken apart from the headband, with magnet for single use.

### Maintenance

For non-user replaceable light sources: the light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person.

Never open the lamp when the mains supply cable is connected.

### Cleaning

Do not use solvents, corrosive cleaners or the like. Use a dry or slightly moist cloth for cleaning **only**.

### Safety information

1. Prior to commissioning, make sure the right voltage is available.
2. Prior to each charge, make sure the light and mains supply cable are not damaged in any way. Never use the lamp if you find damage.
3. Do not use the handlamp in explosive environments in which flammable liquids, gases or dusts are present. **Risk to life!**
4. LED lights are extremely bright. Do not look directly at the lamp.

### Disposal

**Dispose of electric appliances in an environmentally friendly manner!**

Electric appliances must not be disposed of in household waste! The European Directive 2012/19/EU on Waste Electrical and Electronic Equipment rules that used electric appliances should be collected separately and recycled in an environmentally friendly manner. For possibilities of disposal of the used appliance, please contact your local or municipal administration.
