LED Head light

HLLI400LMMSEU

IMPORTANT! RETAIN FOR FUTURE REFERENCE:
READ CAREFULLY!

Technical specifications

Protection class	III
Type of protection	IP54
Impact resistance	IK08
Operating temperature	-10°C ~ +40°C
Illuminant	3.5 W LED
Luminous flux	400 lm (100%)
Charging time	Approx. 3 h (5 V 1 A)
Operating time	Approx. 3 h@400 lm, 8 h@80 lm
Battery	Li-ion 3.7 V; 1500 mAh
Supply cable	USB-C
Cable length	1 m
Dimensions	78 x 39 x 36 mm
Net weight	112 g
Special features	With motion sensor

Proper intended use

This LED lamp is intended for both indoor and outdoor use. The LED lamp is non-watertight, please keep it away from water. Use the push switch or the sensor switch to turn the headlight on or off.

Maintenance

Please note: for non-user replaceable light sources

The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person. Never open the lamp when the mains supply cable is connected.

Cleaning

Do not use solvents, corrosive cleaners or the like. Use a dry or slightly moist cloth for cleaning **only**.

Safety information

1. Prior to commissioning, make sure the right voltage is available.
2. Prior to each charge, make sure the light and mains supply cable are not damaged in any way. Never use the lamp if you find damage.
3. Do not use the handlamp in explosive environments in which flammable liquids, gases or dusts are present. **Risk to life!**
4. LED lights are extremely bright. Do not look directly at the lamp.

Disposal

Dispose of electrical devices in an environmentally responsible manner!

Do not dispose of electrical devices with household rubbish. In accordance with European Directive 2012/19/EU regarding electrical and electronic devices must be collected separately and sent in for recycling. Please contact your local authorities for available disposal options for your worn-out device.
